

INSTRUCTIONS FBFC145

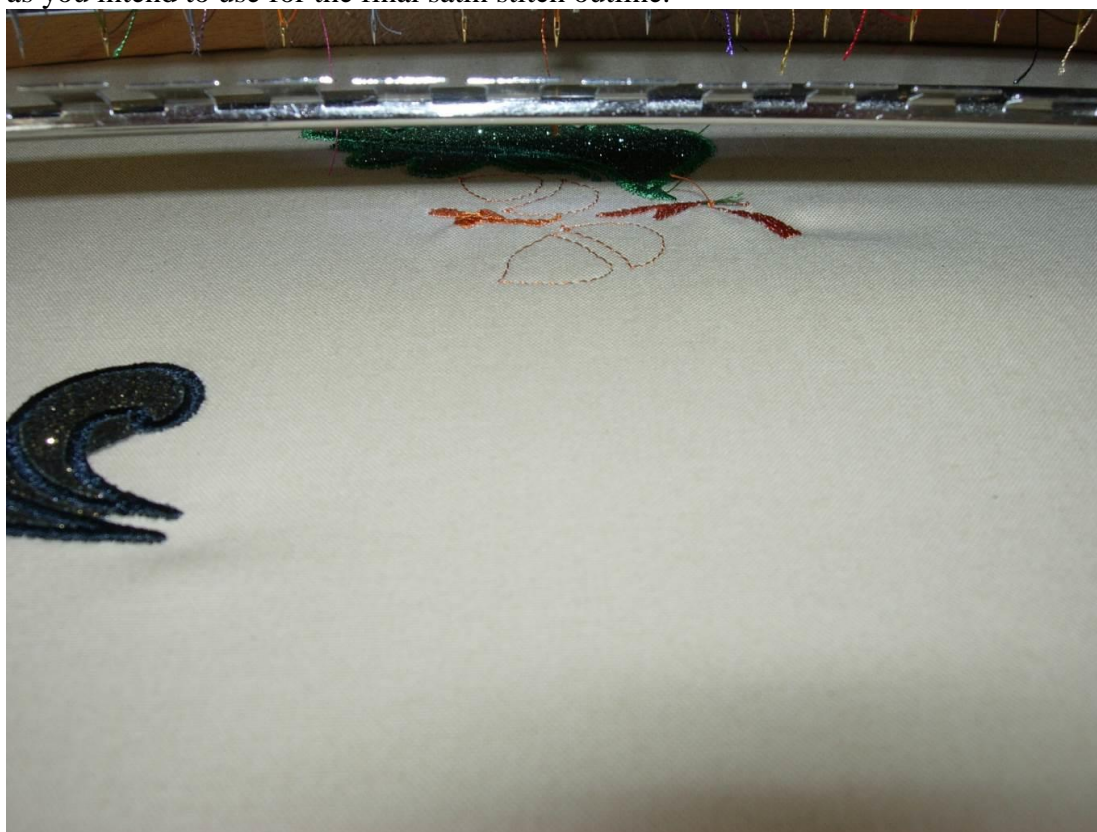

There are three separate designs each in two sizes (4x4 and 5x5) These designs are done for Embroidery Glitter and Reflectra Stitchfoil. If you want to use fabric, be sure to trim the fabric very close as the Satin Stitch borders are narrow.

STITCHING THE DESIGNS

The pictures below are from other similar designs.

You will see two Basting colors on your color Charts. Basting 1 (shown as red) and Basting 2 (shown as Blue). These indicate where the glitter applique will be applied.

1. Stitch any color stops before the first Basting 1 on your chart. Stitch Basting 1 in the same color thread as you intend to use for the final satin stitch outline.

2. Place a piece of glitter on top of this basting stitch making sure it is all covered. You can use temporary spray, Scotch magic tape or something similar (I've never had magic tape hurt any fabric) or as I do if I

have a large enough piece, hold it from either side making sure your fingers are NOT near the needle!!!

Stitch Basting 2.

3. Stitch the next color stop which will be the Satin Stitch border. Remove hoop from machine and take hold of a corner of the glitter and gently pull away. If there are any small pieces left, use forceps or tweezers to grab them and pull them away. If you are using fabric, cut as close as possible to the stitching line.
